“Breathtaking....Crazy for the Storm will keep you up late into the night.” —Washington Post Book World Norman Olstead’s New York Times bestselling memoir *Crazy for the Storm* is the story of the harrowing plane crash the author miraculously survived at age eleven, framed by the moving tale of his complicated relationship with his charismatic, adrenaline-addicted father. Destined to stand with other classic true stories of man against nature—*Into Thin Air* and *Into the Wild* by Jon Krakauer; Sebastian Junger’s *The Perfect Storm*—it is a literary triumph that novelist Russell Banks (*Affliction*) calls, “A heart-stopping story beautifully told....Norman Olstead has written a book that may well be read for generations.”

In the wake of World War II, the U.S. automobile industry was fully unprepared to meet the growing demands of the public, for whom they had not made any cars for years. In stepped Preston Tucker, a salesman extraordinaire who announced the building of a revolutionary new car: the Tucker '48, the first car in almost a decade to be built fresh from the ground up. Tucker's car, which would include ingenious advances in design and engineering that other car companies could not match, captured the interest of the public, and automakers in Detroit took notice. Here, author Steve Lehto tackles Tucker's amazing story, relying on a huge trove of documents that has been used by no other writer to date. It is the first comprehensive,
