A classic of Japanese history, this book is the preeminent work on the history of Japan. Newly revised and updated, A History of Japan is a single-volume, complete history of the nation of Japan. Starting in ancient Japan during its early pre-history period A History of Japan covers every important aspect of history and culture through feudal Japan to the post-cold War period and collapse of the Bubble Economy in the early 1990's. Recent findings shed additional light on the origins of Japanese civilization and the birth of Japanese culture. Also included is an in-depth analysis of the Japanese religion, Japanese arts, Japanese culture and the Japanese People from the 6th century B.C.E. to the present. This contemporary classic, now updated and revised, continues to be an essential text in Japanese studies. Classic illustrations and unique pictures are dispersed throughout the book. A History of Japan, Revised Edition includes: Archaic Japan—including Yamato, the creation of a unified state, the Nana Period, and the Heian period. Medieval Japan— including rule by the military houses, the failure of Ashikaga Rule, Buddhism, and the Kamakura and Muroachi Periods periods. Ealy Modern Japan—including Japanese feudalism, administration under the Tokugawa, and society and culture in early modern Japan. Modern Japan—including The Meiji Era and policies for modernization, from consensus to crisis (1912-1937), and solutions through force. This contemporary classic continues to be a central book in Japanese studies and is a vital addition to the collection of any student or enthusiast of Japanese history, Japanese culture, or the Japanese Language.

Explains the structure of the feudal society, describes the rise of economic life and tells of the impact of Commodore Perry's arrival in 1853.

This fascinating history tells the story of the people of Japan, from ancient teenage priest-queens to teeming hordes of salarymen, a nation that once sought to conquer China, yet also shut itself away for two centuries in self-imposed seclusion. First revealed to Westerners in the chronicles of Marco Polo, Japan was a legendary faraway land defended by a fearsome Kamikaze storm and ruled by a divine sovereign. It was the terminus of the Silk Road, the furthest end of the known world, a fertile source of inspiration for European artists, and an enduring symbol of the mysterious East. In recent times, it has become a powerhouse of global industry, a nexus of popular culture, and a harbinger of post-industrial decline. With intelligence and wit, author Jonathan Clements blends documentary and storytelling styles to connect the past, present and future of Japan, and in broad yet detailed strokes reveals a country of paradoxes: a modern nation steeped in ancient traditions; a democracy with an emperor as head of state; a famously safe society built on 108 volcanoes resting on the world's most active earthquake zone; a fast-paced urban and technologically advanced country whose land consists predominantly of mountains and forests. Among the chapters in this Japanese history book are: The Way of the Gods: Prehistoric and Mythical Japan A Game of Thrones: Minamoto vs. Taira Time Warp: 200 Years of Isolation The Stench of Butter: Restoration and Modernization The New Breed: The Japanese Miracle

A history of Japan from ancient times to today explores Japan's impact on the modern world and examines its unique past and culture to explain its achievements and responses to world events.

Survey of the historical events and developments in medieval Japan's polity, economy, society and culture.

Employing a wide range of primary source materials, Modern Japan: A History in Documents, Second Edition, provides a colorful narrative of Japan's development since 1600. A variety of diary entries, letters, legal documents, and poems brings to life the early modern years, when Japan largely shut itself off from the outside world. A picture essay highlights the tumultuous decade and a half following the arrival of Commodore Matthew Perry and the U.S. Navy in 1853, which led to unprecedented changes and a new government. The dramatic rush to modernity in the late 1800s and early 1900s--accompanied by Japan's entry into the imperialist rivalry--is seen through travel accounts, novelists' recollections, and imperial rescripts, while editorial cartoons and prison memoirs recount the early twentieth-century rush, first

toward pluralism, then toward war. Japan's recovery after defeat in World War II and its emergence as a vibrant democracy with the second largest economy in the world is chronicled through records as diverse as a funeral eulogy, a comic book description of Adam Smith's economic theories, and an e-journal interview. The documents are woven together in a scintillating narrative that brings to life one of the world's most remarkable national stories. The second edition includes an updated introduction with a note on sources and interpretation and twenty-five new documents including new evidence of Japanese imperialism, especially its expansion into Korea; the role of minorities in modern society; and events since the mid-1990s. There are additional editorial cartoons from the Meiji and Taisho eras, rare photos, archival maps, as well as excerpts from fiction and other literature, and updated further reading and website lists.
