Sir Tobias Aldridge sets out to take revenge on his enemy, Benedict Grayson, by seducing Benedict’s beautiful sister Isabel, who has just returned from the West Indies and is determined to make her mark on society. **Tessa Dare spins a witty, wanton tale of passion and conquest, as a reformer and a rake find unexpected love. Only one thing could convince Sir Tobias Aldridge, an incorrigible libertine, to profess undying fidelity to a woman he’s just met. Revenge. What better way to get back at an enemy than by stealing the scoundrel’s sister?** Not that Toby finds it a chore, seducing a beguiling, sultry beauty freshly arrived from the West Indies. When the prize is Isabel Grayson, vengeance is doubly rewarding. Isabel is determined to marry a wealthy, powerful lord and become a lady of influence, using her rank and fortune to fight social injustice. Sir Toby, with his paltry title and infamous reputation, is unsuitable husband material—but he makes her blood race, her heart pound, and her long-buried passions come to the surface. If she can reform the charming devil, she’ll get exactly what she craves: society’s respect. But it’s a dangerous gamble. For if Toby wins this battle of persuasion, Isabel could lose her heart.

A New York Times Bestseller “A powerful coming-of-age story that looks at ambition, friendship, identity, desire, and power from the much-needed female lens.” —Bustle “Ultra-readable.” —Vogue From the New York Times–bestselling author of The Interestings, comes an electric novel not just about who we want to be with, but who we want to be. To be admired by someone we admire—we all yearn for this: the private, electrifying pleasure of being singled out by someone of esteem. But sometimes it can also mean entry to a new kind of life, a bigger world. Greer Kadetsky is a shy college freshman when she meets the woman she hopes will change her life. Faith Frank, dazzlingly persuasive and elegant at sixty-three, has been a central pillar of the women’s movement for decades, a figure who inspires others to influence the world. Upon hearing Faith speak for the first time, Greer—nearly in love with her boyfriend, Cory, but still full of longing for an ambition that she can’t quite place—feels her inner world light up. And then, astonishingly, Faith invites Greer to make something out of that sense of purpose, leading Greer down the most exciting path of her life as it winds toward and away from her meant-to-be love story with Cory and the future she’d always imagined. Charming and wise, knowing and witty, Meg Wolitzer delivers a novel about power and influence, ego and loyalty, womanhood and ambition. At its heart, The Female Persuasion is about the flame we all believe is flickering inside of us, waiting to be seen and fanned by the right person at the right time. It’s a story about the people who guide and the people who follow (and how those roles evolve over time), and the desire within all of us to be pulled into the light.

When she practices her seductive wiles on her brother’s best friend, Jeremy Trescott, adventurous Lucy Waltham falls in love with him, while he encourages her in order to distract her from her schemes to find a rich husband. **Anne Elliot was once engaged to Captain Frederick Wentworth, but she broke off the engagement when a family friend persuaded her that it was an imprudent match. Several years later, Captain Wentworth returns from the Napoleonic Wars, but his seeming indifference towards Anne convinces her that it is too late to win him back. Meanwhile, the charming Mr. Elliot—Anne’s cousin and her father’s heir to Kellynch Hall—plots to marry her to ensure he remains the sole heir to the family estate. Will Captain Wentworth rediscover his feelings for Anne, or will she be forced to marry the scheming Mr. Elliot?** English author Jane Austen wrote this novel of manners in 1816, one year before her death at the age of 41. This unabridged version of her last completed novel is taken from the 1818 copyright edition.

Pampered heiress Sophia Hathaway, who is fleeing from an unwanted arranged marriage, assumes a new identity as a governess to secure passage on a ship, where she captures the heart of ne’er-do-well privateer Benedict Grayson. **A thoroughly entertaining and darkly humorous roundup of history’s notorious but often forgotten female con artists and their bold, outrageous scams—by the acclaimed author of Lady Killers. From Elizabeth Holmes and Anna Delvey to Frank Abagnale and Charles Ponzi, audacious scams and charismatic scammers continue to intrigue us as a culture. As Tori Teller reveals in Confident Women, the art of the con has a long and venerable tradition, and its female practitioners are some of the best—or worst. In the 1700s in Paris, Jeanne de Saint-Rémy scammed the royal jewelers out of a necklace made from six hundred and forty-seven diamonds by pretending she was best friends with Queen Marie Antoinette. In the mid-1800s, sisters Kate and Maggie Fox began pretending they could speak to spirits and accidentally started a religious movement that was soon crawling with female con artists. A girl calling herself Loreta Velasquez claimed to be a soldier and convinced people she worked for the Confederacy—or the Union, depending on who she was talking to. Meanwhile, Cassie Chadwick was forging paperwork and getting banks to loan her upwards of \$40,000 by telling people she was Andrew Carnegie’s illegitimate daughter. In the 1900s, a 40something woman named Margaret Lydia Burton embezzled money all over the country and stole upwards of forty prized show dogs, while a few decades later, a teenager named Roxie Ann Rice scammed the entire NFL. And since the death of the Romanovs, women claiming to be Anastasia have been selling their stories to magazines. What about today? Spoiler alert: these “artists” are still conning. Confident Women asks the provocative question: Where does chutzpah intersect with a uniquely female pathology—and how were these notorious women able to so spectacularly dupe and swindle their victims?**

This book reveals the tricks of the best communicators throughout history. **To protect her estate and beloved servants from her evil brother-in-law, widow Martha Russell devises a plan to conceive an heir with the help of her neighbor, a London exile with a wicked reputation.** **The year is 1838, and seventeen-year-old Julia Elliston’s position has never been more fragile. Orphaned and unmarried in a time when women are legal property of their fathers, husbands, and guardians, she finds herself at the mercy of an anonymous guardian who plans to establish her as a servant in far-off Scotland. With two months to devise a better plan, Julia’s first choice to marry her childhood sweetheart is denied. But when a titled dowager offers to introduce Julia into society, a realm of possibilities opens. However, treachery and deception are as much a part of Victorian society as titles and decorum, and Julia quickly discovers her present is deeply entangled with her mother’s mysterious past. Before she knows what’s happening, Julia finds herself a pawn in a deadly game between two of the country’s most powerful men. With no laws to protect her, she must unravel the secrets on her own. But sometimes truth is elusive and knowledge is deadly.**
