this insightfully written book, Paul Marshall argues that Christians can and should approach politics in a way informed by faith. Drawing on traditions of both Catholic and Protestant political thought, Marshall analyzes the ways in which religion influences our understanding of power, justice, and democracy. By exploring the biblical background of modern issues, Marshall provides an indispensable guide for Christians searching for a way to interject their religious convictions into their political actions. In an age when the relationship between politics and religion is

God, historian Kevin M. Kruse reveals that the belief that America is fundamentally and formally Christian originated in the 1930s. To fight the "slavery" of FDR's New Deal, businessmen enlisted religious activists in a campaign for "freedom under God" that culminated in the election of their ally Dwight Eisenhower in 1952. The new president revolutionized the role of religion in American politics. He inaugurated new traditions like the National Prayer Breakfast, as Congress added the phrase "under God" to the Pledge of Allegiance and made "In God We Trust" the country's first
