The Rosicrucian Fraternity announced their existence some four centuries ago. Since then there has been much speculation about the brotherhood regarding their secrets, their history, and their existence. Time has spawned numerous imitators, voluble

detractors, and earnest defenders of the Fraternity. The only certainty lies in the early manuscripts and publications; these works are presented together in this volume. Herein are all of the crucial Rosicrucian documents. The Fama Fraternitatis proclaims the existence

revenge for earthly slights, he writes: Revenge is painful in the intent, and it dangerous in the execution; seldom doth the axe fall where he who lifted it up intended; and lo, he remembereth not that it will recoil against him. It is noteworthy how true these discourses remain 3000

This is a thorough presentation of the Rosicrucian system of initiation by Dr. Paul Foster Case. He explains that Rosicrucianism is based upon earthly organizations, but on personal unflodment, and clearly describes the

distinctive marks of a Rosicrucian. The treatise is divided into two main parts by Dr. Case. The first is a careful examination and interpretation of the principle Rosicrucian manifestos, the Fama Fraternitatis and the Confessio Fraternitatis. The second part is an explanation of the Rosicrucian grade
