“ Blending elements of memoir, history, and biography, ” the son of a Holocaust survivor “ portrays the horrifying reality of the . . . concentration camps ” (Midwest Book Review). In June 1944, the Nazis locked eighteen-year-old Dave Hersch into a railroad boxcar and shipped him from his hometown of Dej, Hungary, to Mauthausen Concentration Camp, the harshest, cruelest camp in the Reich. After ten months in the granite mines of Mauthausen ’ s nearby sub-camp, Gusen, he weighed less than 80lbs, nothing but skin and bones. Somehow surviving the relentless horrors of these two brutal camps, as Allied forces drew near Dave was forced to join a death march to Gunskirchen Concentration Camp, over thirty miles away. Soon after the start of the march, and more dead than alive, Dave summoned a burst of energy he did not know he had and escaped. Quickly recaptured, he managed to avoid being killed by the guards. Put on another death march a few days later, he achieved the impossible: he escaped again. Using only his father ’ s words for guidance, Jack Hersch takes us along as he flies to Europe to learn the secrets his father never told of his time in the camps. Beginning in the verdant hills of his father ’ s Hungarian hometown, we accompany Jack ’ s every step as he describes the unimaginable: what his father must have seen and felt while struggling to survive in the most abominable places on earth. “ This deeply personal and extremely informative portrait of a man of indomitable will to live, as Hersch emphasizes, reminds us of why we must never forget nor trivialize the full, shocking truth about the Holocaust. ” —Booklist

He encounters evil he could have never imagined, but also sees surprising glimpses of hope amid the horror. He just barely escapes death, only to confront it again seconds later. Can Yanek make it through the terror without losing his hope, his will -- and, most of all, his sense of who he really is inside? Based on an astonishing true story.

The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. “ Fox unspools Jones and Hill ’ s delightfully elaborate scheme in nail-biting episodes that advance like a narrative Rube Goldberg machine. ” —The New York Times Book Review Imprisoned in a remote Turkish POW camp during World War I, having survived a two-month forced march and a terrifying shootout in the desert, two British officers, Harry Jones and Cedric Hill, join forces to bamboozle their iron-fisted captors. To stave off despair and boredom, Jones takes a handmade Ouija board and fakes elaborate s é ances for his fellow prisoners. Word gets around, and one day an Ottoman official approaches Jones with a query: Could Jones contact the spirit world to find a vast treasure rumored to be buried nearby? Jones, a trained lawyer, and Hill, a brilliant magician, use the Ouija board—and their keen understanding of the psychology of deception—to build a trap for their captors that will ultimately lead them to freedom. A gripping nonfiction thriller, *The Confidence Men* is the story of one of the only known con games played for a good cause—and of a profound but unlikely friendship. Had it not been for “ the Great War, ” Jones, the Oxford-educated son of a British lord, and Hill, a mechanic on an Australian sheep ranch, would never have met. But in pain, loneliness, hunger, and isolation, they formed

a powerful emotional and intellectual alliance that saved both of their lives. Margalit Fox brings her “ nose for interesting facts, the ability to construct a taut narrative arc, and a Dickens-level gift for concisely conveying personality ” (Kathryn Schulz, New York) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in *Catch-22*.

One of the greatest Pacific war stories never told. On April 4, 1943, ten American prisoners of war and two Filipino convicts—nicknamed the “ Davao Dozen ” —executed a daring escape from one of Japan's most notorious prison camps. Called the “greatest story of the war in the Pacific” by the War Department in 1944, the full account has never been told—until now. A product of years of in-depth research, John D. Lukacs's gripping description of the escape brings this remarkable tale to life. In this remarkable contribution to the realm of WWII POW narrative, Lukacs describes the dramatic escape for a new generation to admire the resourcefulness and patriotism of the men who fought in the Pacific. “ Like the event it covers, Escape from Davao is unique. You are holding in your hands the story of the only successful American group escape from a Japanese camp. ” —James Bradley, author of *Flags of Our Fathers*

The true and heroic story of American POWs' daring escape from a Nazi concentration camp. In this little-known story from World War II, a group of American POW camp leaders risk everything to save hundreds of fellow servicemen from a diabolical Nazi concentration camp. Their story begins in the dark forests of the Ardennes during Christmas 1944 and ends at the Buchenwald Concentration Camp in the spring of 1945. This appalling chapter of US military history and uplifting Holocaust story deserves to be widely known and understood. Operation Swallow provides a historical, first person perspective of how American GIs stood up against their evil SS captors who were forcing them to work as slave laborers. A young GI is thrust into a leadership position and leads his fellow servicemen on a daring escape. It is a story filled with courage, sacrifice, torture, despair, and salvation. A compelling narrative-driven nonfiction book has not been written that takes the reader deep into the dark story of Operation 'Swallow' and Berga Concentration Camp--until now. Written from personal testimonies and official documents, Operation Swallow is a tale replete with high adventure, compelling characters, human drama, tragedy, and eventual salvation, from the pen of a master of the modern military narrative.

An expanded edition of the powerful memoir about two sisters' determination to survive during the Holocaust featuring new and never before revealed information about the first transport of women to Auschwitz In March 1942, Rena Kornreich and 997 other young women were rounded up and forced onto the first Jewish transport of women to Auschwitz. Soon after, Rena was reunited with her sister Danka at the camp, beginning a story of love and courage that would last three years and forty-one days. From smuggling bread for their friends to narrowly escaping the ever-present threats that loomed at every turn, the compelling events in Rena ' s *Promise* remind us that humanity and hope can survive inordinate brutality.

“ [A] truly uplifting tale of deliverance from certain death . . . A deeply personal read, in which the reader is drawn into the highs and lows of the action, the tragedy, and the salvation, because Moore has so successfully drawn out the characters. . . . Compelling reading and hard to put down. ” —*Naval History* The heroic story of eleven American POWs who defied certain death in World War II, *As Good as Dead* is an unforgettable account of the Palawan Massacre survivors and their daring escape. In late 1944, the Allies invaded the Japanese-held Philippines, and soon the end of the Pacific War was within reach. But for the last 150 American prisoners of war still held on the island of Palawan, there would be no salvation. After years of slave labor, starvation, disease, and torture, their worst fears were about to be realized. On December 14, with machine guns trained on them, they were herded underground into shallow air raid shelters—death pits dug with their own hands. Japanese soldiers doused the shelters with gasoline and set them on fire. Some thirty prisoners managed to bolt from the fiery carnage, running a lethal gauntlet of machine gun fire and bayonets to jump from the cliffs to the rocky Palawan coast. By the next morning, only eleven men were left alive—but their desperate journey to freedom had just begun. *As Good as Dead* is one of the greatest escape stories of

World War II, and one that few Americans know. The eleven survivors of the Palawan Massacre—some badly wounded and burned—spent weeks evading Japanese patrols. They scrounged for food and water, swam shark-infested bays, and wandered through treacherous jungle terrain, hoping to find friendly Filipino guerrillas. Their endurance, determination, and courage in the face of death make this a gripping and inspiring saga of survival.

Automation in aviation can be a lifesaver, expertly guiding a plane and its passengers through stormy weather to a safe landing. Or it can be a murderer, crashing an aircraft and killing all on board in the mistaken belief that it is doing the right thing. Lawrence Sperry invented the autopilot just ten years after the Wright brothers' first flight in 1903. But progress was slow for the next three decades. Then came the end of the Second World War and the jet age. That's when the real trouble began. Aviation automation has been pushed to its limits, with pilots increasingly relying on it. Autopilot, autothrottle, autoland, flight management systems, air data systems, inertial guidance systems. All these systems are only as good as their inputs which, incredibly, can go rogue. Even the automation itself is subject to unpredictable failure. Can automation account for every possible eventuality? And what of the pilots? They began flight training with their hands on the throttle and yoke, and feet on the rudder pedals. Then they reached the pinnacle of their careers—airline pilot—and suddenly they were going hours without touching the controls other than for a few minutes on takeoff and landing. Are their skills eroding? Is their training sufficient to meet the demands of today's planes? *The Dangers of Automation in Airliners* delves deeply into these questions. You'll be in the cockpits of the two doomed Boeing 737 MAXs, the Airbus A330 lost over the South Atlantic, and the Bombardier Q400 that stalled over Buffalo. You'll discover exactly why a Boeing 777 smacked into a seawall, missing the runway on a beautiful summer morning. And you'll watch pilots battling—sometimes winning and sometimes not—against automation run amok. This book also investigates the human factors at work. You'll learn why pilots might overlook warnings or ignore cockpit alarms. You'll observe automation failing to alert aircrews of what they crucially need to know while fighting to save their planes and their passengers. The future of safe air travel depends on automation. This book tells its story.

In this uplifting memoir in the vein of *The Last Lecture* and *Man's Search for Meaning*, a Holocaust survivor pays tribute to those who were lost by telling his story, sharing his wisdom, and living his best possible life. Born in Leipzig, Germany, into a Jewish family, Eddie Jaku was a teenager when his world was turned upside-down. On November 9, 1938, during the terrifying violence of Kristallnacht, the Night of Broken Glass, Eddie was beaten by SS thugs, arrested, and sent to a concentration camp with thousands of other Jews across Germany. Every day of the next seven years of his life, Eddie faced unimaginable horrors in Buchenwald, Auschwitz, and finally on a forced death march during the Third Reich's final days. The Nazis took everything from Eddie—his family, his friends, and his country. But they did not break his spirit. Against unbelievable odds, Eddie found the will to survive. Overwhelmingly grateful, he made a promise: he would smile every day in thanks for the precious gift he was given and to honor the six million Jews murdered by Hitler. Today, at 100 years of age, despite all he suffered, Eddie calls himself the "happiest man on earth." In his remarkable memoir, this born storyteller shares his wisdom and reflects on how he has led his best possible life, talking warmly and openly about the power of gratitude, tolerance, and kindness. Life can be beautiful if you make it beautiful. With *The Happiest Man on Earth*, Eddie shows us how. Filled with his insights on friendship, family, health, ethics, love, and hatred, and the simple beliefs that have shaped him, *The Happiest Man on Earth* offers timeless lessons for readers of all ages, especially for young people today.

"Utterly gripping." —Anne Sebba, author of *Les Parisiennes* "A compelling, beautifully written story of resilience, friendship and survival. The story of Women's resistance during World War II needs to be told and *The Nine* accomplishes this in spades." —Heather Morris, New York Times bestselling author of *Cilka's Journey* *The Nine* follows the true story of the author's great aunt Héléne Podliasky, who led a band of nine female resistance fighters as they escaped a German forced labor camp and made a ten-day journey across the front lines of WWII from Germany back to Paris. The nine women were all under thirty when they

joined the resistance. They smuggled arms through Europe, harbored parachuting agents, coordinated communications between regional sectors, trekked escape routes to Spain and hid Jewish children in scattered apartments. They were arrested by French police, interrogated and tortured by the Gestapo. They were subjected to a series of French prisons and deported to Germany. The group formed along the way, meeting at different points, in prison, in transit, and at Ravensbrück. By the time they were enslaved at the labor camp in Leipzig, they were a close-knit group of friends. During the final days of the war, forced onto a death march, the nine chose their moment and made a daring escape. Drawing on incredible research, this powerful, heart-stopping narrative from Gwen Strauss is a moving tribute to the power of humanity and friendship in the darkest of times.
