Final Cut Studio (2009) - Apple Support

Final Cut Studio 7 is really better I think. I do like Final Cut X but I get a lot of spinning beach balls and failed exports with X. I use both, but if you are doing professional work I still prefer 7. Apple did sell Final Cut 7 for a while if you did a search for it. They do not update it, but it is pretty awsome anyway.

Final Cut Pro Help

[Updated Feb. 11, 2018, for Final Cut Pro X 10.4.] We are all familiar with Apple's on-line help for Final Cut. The problem is that many times, the online Help file is not complete. For example, today I was writing an article on the new Temperature settings in the Color Wheels.

Software packages are complex. Software books don't need to be. Simplify your life with The Focal Easy Guide to Final Cut Pro! This concise, full-color book lives up to its name by paring down the software to its essentials. You learn the key features and essential workflow to get you up and running in no time. With this book you can start cutting immediately, whatever you edit, whatever the format. This is an ideal introduction whether you are a professional moving over to Final Cut Pro from another package or system, a new user, or just someone who wants to get the best results from Final Cut Pro, fast!

Newly updated for Final Cut Pro 7, this Visual QuickPro Guide is hands-down one of the most sought out books on Apple's non-linear editing system. An undisputed master of the digital video medium, Lisa Brenneis once again demystifies the complexities of the program with her straightforward approach that uses tasked-based, step-by-step instructions and loads of visuals and time-saving tips. Busy professionals and newcomers alike will appreciate that they can quickly find and learn tasks specific to their needs, benefiting from the award-winning Visual QuickPro style. Topics covered include essential editing tasks and media-management strategies, transitions, effects and filters, rendering options, and much more. It includes coverage of new features such as the new speed tools, iChat theater support, and additional export options via the new Share menu, for delivering content to multiple devices including iPhone, iPod, and MobileMe. This is a must-have reference for anyone wanting to learn to use Final Cut Pro, whether they are new to the program or are upgrading.

Completely revised for Final Cut Pro 7 and featuring new footage from TNT's hit show Leverage and the international music creation event Playing For Change: Peace Through Music, this best-selling, Apple-certified guide provides a strong foundation in all aspects of video editing. Renowned author Diana Weynand starts with basic video editing techniques and

takes you all the way through Final Cut Pro's powerful advanced features. Each chapter presents a complete lesson in an aspect of video editing and finishing, using professional broadcast footage. After marking and editing clips to create a rough cut, you'll learn how to trim and refine the cut before moving on to complex tasks such as adding titles, creating transitions and motion effects, applying filters, and working with multi-format and multi-camera footage. The book covers Final Cut Pro's exciting new features, including iChat Theater support, the redesigned speed tools, and sharing projects on a Blu-ray disc. ¿Lesson and media files available for download for over 40 hours of training ¿Focused lessons take you step-by-step through professional, real-world projects ¿Accessible writing style puts an expert instructor at your side ¿Ample illustrations and keyboard shortcuts help you master techniques fast ¿Lesson goals and time estimates help you plan your time ¿Chapter review questions summarize what you've learned and prepare you for the Apple Certified Pro Exam

Edit with style and ease using the latest editing technologies in Final Cut Pro X!

Ideal for students and editors on the go, this is the quick look-up guide you've been hunting for. Veteran trainer Brendan Boykin uses clear, concise explanations and an easy-to-use

format to put the essential techniques, most-used tools, and most-efficient workflows at your fingertips. A compendium of Final Cut Pro best practices, tips, and quick-glance reminders, plus a great summary of what□s new in Final Cut Pro 7 including iChat Theater support, the redesigned speed tools, and sharing projects on a Blu-ray disc. The book's compact size makes it easy to fit in a jacket pocket or computer case so that readers have it handy when they need it most.

In this Apple-authorized guide, director and filmmaker Michael Wohl teaches the advanced skills that editing professionals need to know most. Using professional broadcast, documentary, and dramatic footage, Wohl delivers a comprehensive course in video editing and finishing. Readers will learn how to create polished transitions, fix screen direction errors, edit multi-camera projects, work with nested sequences, create fantastic effects, use filters creatively, and composite like a pro. Also covers advanced workflows for managing clips and media, and working with film. DVD-ROM includes lesson and media files Focused lessons take you step-by-step through professional, real-world projects Accessible writing style puts an expert instructor at your side Ample illustrations and keyboard shortcuts help you master techniques fast Lesson goals and time estimates help you plan your time Chapter review questions summarize what you□ve learned and prepare you for the Apple Certified Pro Exam All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

With this book, users will learn to convert footage from many different sources, manage their footage, edit the content, adjust sound, and output to different sources. If the reader chooses to work through the book cover-to-cover, they will put together an entire short film that includes basic editing, audio, compositing, and various effects.
