Fundamentals of  
Thermodynamics class, which  
was one of a handful of electives I  
had to choose from to get my EE  
degree. We used the 8th edition  
in class, but aside from the  
homework problems, the 6th  
edition had all the same  
explanatory material and tables,  
and I was able to get a used copy  
for \$25 as opposed to a new copy  
of the 8th for over \$200.
