Customers should expect to spend at least \$1,500 on a Queen-size green mattress. Narrow Selection: True green mattresses are less common than non-green models, leaving customers with fewer options than they may prefer. This is particularly true for mattress buyers with latex allergies who are looking for non-latex models, as well as those with specific firmness or thickness criteria.

How can the modern family live an environmentally-friendly lifestyle? Although many adults aspire to be green, there is no comprehensive lifestyle guide available for them when they become parents. The Ultimate Guide to Green Parenting will be the first book to provide information for living a truly green lifestyle that is based on sound science.

Like many people, Beth Terry didn't think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans and decided then and there to kick her plastic habit. Now she wants to teach you how you can too. In her quirky and humorous style—well known to the readers of her popular blog, My Plastic-Free Life—Terry provides personal anecdotes, stats about the environmental and health problems related to plastic, and personal solutions and tips on how to limit your plastic footprint. Terry includes handy lists and charts for easy reference, ways to get involved in larger community actions, and profiles of individuals— Plastic-Free Heroes—who have gone beyond personal solutions to create a change on a larger scale. Plastic-Free also includes chapters on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren't as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, Plastic-Free is a must-read for anyone concerned about the ongoing health and happiness of themselves, their children, and the planet.

Parents often feel overwhelmed and defenseless against a never-ending recall list of toys and baby products. Deciphering unpronounceable chemicals they encounter every day can be daunting if not impossible. With environmental exposures being closely linked to 70 percent of birth defects, new parents faced with the overwhelming responsibility for their babies' health frequently turn to organic products. But they quickly find they don't have the time to practice a completely green or natural lifestyle. THE SMART MAMA'S GREEN GUIDE delivers the information busy parents want and the tools to make informed, individual choices without the demand to go all-out green. Packed with practical tips on eliminating or reducing the hidden dangers of toxic chemicals that lurk everywhere, this book will empower readers to control what comes into their homes and make informed decisions instead of relying on government regulation of harmful chemicals.

Creating the ultimate healthy, toxin-free environment for your baby -- without stressing out Mom and Dad -- is what this e-book is all about. Full of essential tips and buying guides, it's a handy digital roadmap to the safest, healthiest options in baby decor, from cribs, mattresses, bedding and toys to paint, wallpaper, flooring, air purifiers and more. . More than 50 healthy nursery tips plus 11 buying guides help parents-to-be and their babies-rest easy. This guide can help you feel good about your child's environment choices. Dr. Frank Lipman, M.D., an internationally recognized expert in integrative medicine, and Robyn Griggs Lawrence, who writes and speaks extensively on creating healthy homes, will help you with simple steps to making your child's nursery safe and nurturing.

From Seventh Generation co-founder and chairman Hollender comes an indispensable reference for anyone who wants to maintain a healthy home and a healthy world.

A definitive how-to guide to the complex environmental issues of the twenty-first century offers practical solutions to the difficult choices of everyday living to promote an eco-friendly lifestyle, covering such issues as grocery shopping, house cleaning, travel, work, and investing, while offering information and simple changes that can transform the planet's environmental health. Original. 20,000 first printing.

Is it really possible to raise an eco-baby without breaking the bank? While the average parents spend almost \$7,000 gearing up for a new addition, pregnant pals Joy Hatch and Rebecca Kelley each shelled out less than a thousand—and they did it by going green. In The Eco-nomical Baby Guide, the authors prove that bringing up baby can be easy on the pocketbook and the planet. Focusing on the reduce, reuse, recycle mantra and writing in a humorous but straightforward style, these resourceful mothers dish about everything from eco-friendly diapers to daycare, making green living with baby accessible to everyone—even those on the slenderest of budgets. Your baby's happiness and safety top Hatch and Kelley's agenda as they offer tips on shopping for new and used green goods, blending homemade organic baby food, and limiting the piles of baby gear that threaten to overtake the living room.

'The most family friendly way to start doing your bit.' - The Sunday Times The must-have friendly green bible of accessible eco-tips for families. As a parent, getting out of the house with everyone wearing shoes (on a good day) can feel like you're winning, so adding 'being green' to the never-ending to-do list might feel like the thing to bring all your spinning plates crashing to the ground. If that's the case, then this is the book for you. No preaching. No judgement. No guilt. Instead you'll find easy, do-able ideas and suggestions for you to pick and choose from, try out and adapt. Plus bucketfuls of encouragement as you explore what works for you and your family.

We are what we eat, but we also are what we use to clean our homes, pamper our skin, and decorate our rooms, according to Renée Loux, accomplished raw food chef, award-winning author, and host of Fine Living TV's Easy Being Green. In her new book, Easy Green Living, she applies her whole-foods philosophy to home, garden, and beauty routines. Renée Loux demonstrates that being green at home is easy, affordable, and better in every sense of the word. She discusses the daily choices we face that can keep the home, personal care, and beauty routines free of toxins. She exposes the dirt on cleaning products and common hazardous ingredients and reveals her recommendations for greener options, including her "Green Thumb Guides" for choosing non-toxic, eco-smart, and human-friendly products. Peppered with compelling and inspiring facts, Easy Green Living is full of "5 Step" lists, products and recipes for green cleaning, helpful charts, safer choices for every room, and inspirational advice so we can save the planet—one cleaning spritz at a time. As recent special issues of Vanity Fair, Time, Newsweek, and other major publications have demonstrated, going green is an idea whose time has come. Whether addressing big-picture topics like renewable energy, or offering simple suggestions for everyday living, this complete lifestyle guide shows that healthier choices don't mean a radical or complicated life change—it is, after all, easy to be green.

Explores each part of a store for what to buy and what to leave on the shelf in order to be eco-friendly.
