At the edge of the woods during the Sturgis Motorcycle Rally, the seasoned biker 'Groovy J' sees the promise of a noble, new Earth when he meets Katarina Zora, a woman with joy in her heart despite a rough start in life. The two bond over a series of raw and brutally honest stories that led Zora to a life as a custom motorcycle painter. When Groovy J expresses a desire for growth, Zora condenses twenty years of research and experimentation on how to heal the holes of trauma and become a master of one's fate, into an

This contributed volume contains the results of the research program “ Agreement for Hybrid and Electric Vehicles ” , developed in the framework of the Energy Technology Network of the International Energy Agency. The topical focus lies on technology options for the system optimization of hybrid and electric vehicle components and drive train configurations which enhance the energy efficiency of the vehicle. The approach to the topic is genuinely interdisciplinary, covering insights from fields. The target audience primarily comprises researchers and industry experts in the field of automotive engineering, but the book may also be beneficial for graduate students.
