A sweeping, groundbreaking, and comprehensive treasury of the most essential presidential writings, featuring a richly varied mix of the beloved and the little-known, from stirring speeches and shrewd remarks to behind-the-scenes drafts and unpublished autobiographies. From the early years of our nation ' s history, when George Washington wrote his humble yet powerful Farewell Address, to our current age, when Barack Obama delivered his moving speech on the fiftieth anniversary of the Selma-to-Montgomery marches, America ' s presidents have upheld a tradition of exceptional writing. Now, for the first time, the greatest presidential writings in history are united in one monumental treasury: the very best campaign orations, early autobiographies, presidential speeches, postpresidential reflections, and much more. In these pages, we see not only the words that shaped our nation, like Abraham Lincoln ' s Emancipation Proclamation and Franklin D. Roosevelt ' s Infamy speech, but also the words of young politicians claiming their place in our history, including excerpts from Woodrow Wilson ' s Congressional Government and Obama ' s career-making convention speech, and the words of mature leaders reflecting on their legacies, including John Adams ' s autobiography and Harry S. Truman ' s Memoirs. We even see hidden sides of the presidents that the public rarely glimpses: noted outdoorsman Teddy Roosevelt ' s great passion for literature or sunny Ronald Raagan ' s piercing childhood memories of escorting home his alcoholic father. Encompassing notable favorites like Lincoln ' s Gettysburg Address and John F. Kennedy ' s Inaugural Address as well as lesser-known texts like Thomas Jefferson ' s Notes on the State of Virginia and James Polk ' s candid White House diary, The Best Presidential Writing showcases America ' s presidents as thinkers, citizens, and leaders. More than simply a curation of must-read presidential writings, this unique collection presents the story of America itself, told by its highest leaders. What is America? Who is America for? What will America become? Since our nation ' s founding, different presidents have offered different answers. In their writings, we see frontiers expand, ideals transform, and novel ideas take root. Even the most famous speeches find new meanings or fresh connections when read in this sweeping context, making The Best Presidential Writing a trove full of insight and an essential historical document.

Beyond Words n (1.) Terms or names that point to the realm of mystery and depth that lies beyond our ordinary experience. (2.) The reality that is beyond even the power of beyond words to convey, and that can be known only by experiencing it for yourself. "A word a day to keep the demons at bay." This is how Frederick Buechner likes to describe this witty and incisive dictionary. A daily devotional from one of today's greatest spiritual writers, Beyond Words offers 366 entries from Buechner's three alphabet books, Wishful Thinking, Peculiar Treasures, and Whistling in the Dark, including a new Introduction and nineteen new entries. Providing definitions of both sacred and ordinary words, as well as biblical characters, Buechner unabashedly brings his fresh perspective to words, concepts, and characters we thought we understood. This is a great introduction to Buechner's work as well as a library staple for those already well versed in his writing. It is Buechner at his best. Whether readers find themselves tearful from a deeply moving insight or laughing out loud at an unexpected turn of phrase, they will always feel uplifted, illuminated, and enchanted by the wisdom of Frederick Buechner.

This book presents a comprehensive, systematic approach to the development of learning strategies.
