Now is a time of exciting new developments for live animal power. As the numbers of adherents to this way of life grow, ecologically minded farmers in their fields are developing efficient horse-drawn systems, and equipment manufacturers in small shops all across North America and Europe are coming forth with new innovations in ground-drive technology that have us poised on the cusp of another agricultural revolution—with working horses, mules, donkeys, and oxen at the heart of it. --Publisher

Do your homework to determine the best value with this annually updated buying guide from "Consumer Reports." Includes information on what's new in home entertainment, vehicles, appliances, and home office equipment. Ratings, charts and index.
