Based on a recommendation from the Art of Manliness, I bought King, Warrior, Magician, Lover: Rediscovering the Archetypes of the Mature Masculine from Bookmans. I couldn't find it at my local new bookstores, but you can find it online new or used. Since I bought it used, it took me forever to find the tiny "Men's issues" section.

Another way of approaching the cure for the modern male malaise comes from the book King, Warrior, Magician, Lover: Rediscovering the Archetypes of the Mature Masculine, by Jungian psychologist Robert Moore and mythologist Douglas Gillette. Moore argues that masculinity is made up of four archetypal male energies which serve different purposes.

In their book King, Warrior, Magician, Lover: Rediscovering the Archetypes of the Mature Masculine, Robert L. Moore and Douglas Gillette draw on Jungian psychology to hypothesize that being a man means having access to each of the four masculine archetypes \u2022 universal behavior and thought patterns that C.G. Jung thought reside in what he called the collective unconscious; a realm of perennial experience that can be indirectly accessed by anyone.

Warrior, Magician, Lover, King: A Guide To The Male Archetypes Updated For The 21st Century: A guide to men's archetypes, emotions, and the development of the mature masculine in the world today. Rod Boothroyd. 4.7 out of 5 stars 42. Kindle Edition. \u00a35.99.

The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

THE BESTSELLING, WIDELY HERALDED, JUNGIAN INTRODUCTION TO THE PSYCHOLOGICAL FOUNDATION OF A MATURE, AUTHENTIC, AND REVITALIZED MASCULINITY. "The author take on the difficult task of separating man from boy by excavating 'psychological facts' from

Arguing that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others, Moore and Gillette provide a Jungian introduction to the psychological foundations of a mature, authentic, and revitalized masculinity.

This exciting new book describes the male archetypes of Warrior, Magician, Lover and King in a way designed for a 21st century audience. The author explains the characteristics of each archetype in its balanced form, as well as the inflated and deflated forms which can result from the emotional wounding we experience during childhood. If you've ever had difficulty understanding why you behave in the way you do, this book will provide you with clear answers. The book will also be a revelation for you if you feel like you have less control over your thoughts, feelings and emotions than you would like. The author starts by explaining the nature of the archetypes, what they are, and how they would develop in an ideal upbringing. Of course, none of us have a totally ideal upbringing; we're all emotionally wounded to some degree. These wounds continue to play out in our adult relationships, often in a way which seems like a complete mystery. The author explains how our personalities develop as we grow up and pass through childhood. He shows how we are affected, for better or worse, by the behavior of the people around us during childhood. He also explains the consequences of more profound childhood problems such as lack of love, praise or affection, and more severe neglect.All of this adds up to a route map which will help you understand exactly why you sometimes find life challenging and difficult as an adult.Of course, this is only part of the story - but it is an essential one, because before any emotional healing or personal development work can take place, we have to understand what went wrong in the first place. The author shows us how, as adults, we have many options open to us which we can use to restore our natural personality to its full magnificence.This kind of emotional healing work requires some courage, but the author shows us where we can find the people and places who can safely guide us as we take "the road less traveled": the path we need to follow to become who we were always meant to be, before the world got in the way.A modern book, a book for the 21st century, this is a work that will inspire, excite and inform, as well as provide you with many of the answers you seek. Even if you don't want to embark on a journey of self-development with the help of professional facilitators, you'll find the book invaluable as you discover each archetype can express itself in its finest form, fully balanced and emotionally whole once more.Although this is billed as a book for men, most of what is written here is really relevant for women as well - because women too have the same basic archetypes as men.This book comes highly recommended. In case you're wondering, it's a lot more accessible than the much older book on male archetypes by Robert Moore and Douglas Gillette, simply because it contains none of the abstract mythology on which they focused in so much detail. This is a practical, down to earth, and instantly usable manual for good emotional health. It is a book designed both for our times and for our current challenges.

Exploring the spiritual side of the male psyche, the authors present their special program for assisting men in the move from boyhood to manhood. By the authors of The King Within. 25,000 first printing.

Shows men how to experience their amorous urges without feeling overwhelmed or emasculated by them

A practical, step-by-step guide to help men know themselves deeply, root out weaknesses, enhance strengths, and upgrade their experience of life So many self-help books encourage men to get in touch with their feminine side if they truly want to embrace change. This book blows this theory out of the water, enabling men to transform themselves entirely\u2022to find their mission; to live a life of strength, wisdom, and honor\u2022while working with their positive masculinity instead of against it. Straight talking, down-to-earth, and humorous life coach David Wagner addresses the challenges that modern men typically face. He asks the reader to join him in a series of profound self-examination exercises and questions covering life purpose, male identity, spirituality, self-limitation, sexuality, relationships, fatherhood, and more. Every chapter offers practical advice and also includes observations and examples from David's own life as well as insights gained from the many clients and men's groups he has worked with over the years. Combining no-nonsense wisdom with brutally honest exercises, Backbone is the ultimate man's handbook to understanding himself, his purpose, his passion, and his power.

What is the men's movement? Hundreds of thousands of men all across North America are forming councils, lodges, and participating in "wild man weekends," inspired by the mythopoetic writings and personal testimonies of such authors as Robert Bly, Sam Keen, and John Lee. What do you need to be part of it? Robert Bly's practical advice to his gatherings of men is to go home and form small groups. This book, fifteen years in the making and written by one of the prominent forces in the men's movement, is the original handbook for forming and guiding these small support circles. Here's what this book gives you: This step-by-step manual grows out of Bill Kauth's two decades of experience with over 125 support groups. It will help the organizer or leader to start a group, find new members, solve group problems, and create rituals and activities that promote honesty, self-disclosure, and fun.
