Fully revised and updated, Australian Commercial Law offers a comprehensive, accessible introduction to key aspects of Australian commercial law. Part 1 introduces the fundamentals of contract law and business structures before examining the sale of goods, agency, bailment and personal property. Part 2 covers the Australian Consumer Law, focusing on areas important to commercial entities that interact with consumers. Part 3 examines international commercial law, providing a detailed introduction to the World Trade Organization and to agreements central to trade between countries. The second edition includes: detailed discussion of key concepts in commercial law; four new chapters on contract law basics, business structures, bankruptcy and international commercial law; thorough integration of digital and e-commerce transactions; and end-of-chapter discussion questions designed to test reader knowledge of key points and themes. Written in a clear and concise style by an expert author team, Australian Commercial Law is an indispensable resource for students seeking a comprehensive understanding of commercial law.
