Kenneth Waltz's 1979 Theory of International Politics is credited with bringing about a [scientific revolution] in the study of international relations ¶ bringing the field into a new era of systematic study. The book is also a lesson in reasoning carefully and critically. Good reasoning is exemplified by arguments that move systematically, through carefully organised stages, taking into account opposing stances and ideas as they move towards a logical conclusion. Theory of International Politics might be a textbook example of how to go about structuring an argument in this way to produce a watertight case for a particular point of view. Waltz's book begins by testing and critiquing earlier theories of international relations, showing their strengths and weaknesses, before moving on to argue for his own stance ¶ what has since become known as ineo-realism¶. His aim was ¶to construct a theory of international politics that remedies the defects of present theories.¶ And this is precisely what he did; by showing the shortcomings of the prevalent theories of international relations, Waltz was then able to import insights from sociology to create a more comprehensive and realistic theory that took full account of the strengths of old schemas while also remedying their weaknesses ¶ reasoning out a new theory in the process.

Young Trace and Jill dream of having beautiful Christmas decorations they cannot afford. Does the copper pig hold answers to their prayers? What does it mean to have [the faith of a child]?

When a black man is murdered by a police officer in New York City, Luke Cage is called to action. But what can a good man do when protecting the streets puts him at odds with his own people? A cadre of crooked cops called the Regulators are out to terrorize ordinary citizens. And with Daredevil determined to bring them down, and Mayor Fisk equally determined to use them to tighten his grip on the Big Apple, it's up to Cage to keep the city from completely going up in flames! Joined by an exciting trio of artists, celebrated creator Ho Che Anderson (King: A Comics Biography of Martin Luther King, Jr.; Scream Queen) makes his Marvel debut with an ambitious, hard-hitting story unlike any you've seen in the Marvel Universe before! COLLECTING: Luke Cage: City Of Fire (2021) 1-3

Take care of yourself with this easy-to-follow guide that features questions to ask your doctor and a simple chart to keep track of your medications.

MARK MILLAR & GREG CAPULLO join forces to create the smash hit sci-fi / fantasy story of the year: REBORN. Where do you go when you die? Not heaven or hell; somewhere else. Somewhere you have to fight to survive. Somewhere the people from the past are waiting for you the good and the bad.

An urgent critique of the biopolitical subject and omnipresent Empire. Historical conflict no longer opposes two massive molar heaps, two classes:the exploited and the exploiters, the dominant and dominated, managers and workers/between which, in each individual case, it would be possible to differentiate. The front line no longer cuts through the middle of society; it now runs through each one of us. ... ¶¶¶from This Is Not a Program Traditional lines of revolutionary struggle no longer hold. Rather, it is ubiquitous cybernetics, surveillance, and terror that create the illusion of difference within hegemony. Configurations of dissent and the rhetoric of revolution are merely the other face of capital, conforming identities to empty predicates, ensuring that even ¶thieves¶, ¶saboteurs¶, and ¶terrorists¶ no longer exceed the totalizing space of Empire. This Is Not a Program offers two texts, both originally published in French by Tiqqun with Introduction to Civil War in 2001. In This Is Not a Program, Tiqqun outlines a new path for resistance and struggle in the age of Empire, one that eschews the worn-out example of Franco's May '68 in favor of what they consider to be the still fruitful and contemporary insurrectionary movements in Italy of the 1970s. ¶(As a Science of Apparatuses) examines the way Empire has enforced on the subject a veritable metaphysics of isolation and pacification, ¶apparatuses¶ that include chairs, desks, computers; surveillance (security guards, cameras); disease (depression); crutch (cell phone, lover, sedative); and authority. Tiqqun's critique of the biopolitical subject and omnipresent Empire is all the more urgent as we become inured to the permanent state of exception that is the War on Terror and to other, no less intimate forms of pacification. But all is not lost. In its unrelenting production of the Same, Empire itself creates the conditions necessary for the insurrection to come.
