Best friends reunited... into a marriage of convenience? Jack and Maddison were best friends growing up, but when Maddison moved to the big city to pursue her dreams, they struggled to stay in touch. When Maddison returns home after years away, Jack is all grown up and ready to make up for lost time. And so is Maddison... the only trouble is, Jack needs more than a friend. So when she suggests that a marriage of convenience could help Jack save his ranch, it seems like everything is falling into place. Until Jack finds out that Maddison wants a baby. Their friendship is too important to ruin, but after a night of unexpected passion, everything changes. Because Maddison is pregnant and Jack's made it clear that their marriage will be one of convenience only. And he never wants to be a dad.

I am writing this book on the development of special strengths to help raise individual lifts, specifically the snatch and the clean and jerk. The value of the top strength has been forgotten. If strength did not matter, then there would be no need for weight classes. But, indeed, there are weight classes and the weights are always larger in the next higher weight class.

An ideal book for Field Day planners or the next wire antenna project at your home station.

One of today's most refreshing young creatives gives the inside scoop on how to make it as a graphic artist. Irreverent and packed with helpful tips for designers of all stripes, Make Your Own Luck is certain to become an indispensable guide for anyone interested in graphic art as a vocation or hobby.

Our bestselling introduction to graphic design is now available in a revised and updated edition. In Graphic Design: The New Basics, bestselling author Ellen Lupton (Thinking with Type, Type on Screen) and design educator Jennifer Cole Phillips explain the key concepts of visual language that inform any work of

design, from logo or letterhead to a complex website. Through visual demonstrations and concise commentary, students and professionals explore the formal elements of twodimensional design, such as point, line, plane, scale, hierarchy, layers, and transparency. This revised edition replaces sixty-four pages of the original publication with new content, including new chapters on visualizing data, typography, modes of representation, and Gestalt principles, and adds sixteen pages of new student and professional work covering such topics as working with grids and designing with color.

Once he was known as the angel Remiel, but generations ago, Boston PI Remy Chandler chose to renounce Heaven and live on Earth, where he found a secure place among ordinary humans... Remy Chandler has found a new love—and his best human friend is reluctantly coming to grips with Remy’s “unusual” abilities. He’s finally reached a kind of peace between his true angelic nature and the human persona he created for himself so long ago. But Heaven and the Legions of the Fallen still stand on the brink of war. When one of Heaven’s greatest generals is murdered, it falls to Remy to discover who—or what—might be responsible, which could trigger a final conflict that would consume the Earth. The deeper he digs, the further he goes into a dark world of demonic assassins, secret brothels, and things unsettling even to a being who has lived for eternity. But it is not in his nature—angelic or human—to quit, no matter the personal price...
