that is becoming more connected and globalized, 21st century students must have the skills necessary to understand their world and how geography affects them and others. Students will develop their map and spatial skills, learn how to answer text- and photo-dependent questions, and study the 5 themes of geography. Each week covers a particular topic and introduces students to a new place or type of map. The first two weeks consist of a mini-unit that focuses entirely on map skills. For additional units, students will study various places, and how culture and geography are related. With a focus on North American regions, students will explore various types of maps including physical maps, political maps, topographic maps, thematic maps, climate maps, and various topics including scale, legends, cardinal directions, latitude, longitude, and more. Aligned to state standards and National Geography Standards, this resource includes digital materials.

Comprehension is key to a child's success in school, for reading is more than just recognizing and pronouncing printed words - it involves comprehending the meaning of those words as well. Children can truly read only when they understand the meaning of the words they can pronounce. This packet provides activities designed to strengthen important comprehension skills, including following directions. Exercises are designed so a child can work with a minimum of supervision in a classroom or at home. Answer keys included.
