Hi, Does anyone have a AU-717 owners manual (not repair or service manual). I just bought this amp as an upgrade from our original AU-317 amp and TU-417 tuner (our wedding gift to each other-Jan. 1980) and can't seem to find an owner/operator manual. A photocopy or scan would be great! Any help would be appreciated.

"Revised and updated, Themes in the History of Japanese Garden Art presents new interpretations of the evolution of Japanese garden art. Its depth and much-needed emphasis on a practical context for garden creation will appeal to art and literary historians as well as scholars, students, and appreciators of garden and landscape art, Asian and Western."--BOOK JACKET.

The unique beauty of the Japanese garden stems from its spirituality and

rich symbolism, yet most discussions on this kind of garden rarely provide more than a superficial overview. This book takes a thorough look at the process of designing a Japanese garden, placing it in a historical and philosophical context. Goto and Naka, both academic experts in Japanese garden history and design, explore:

- The themes and usage of the Japanese garden
- Common garden types such as tea and Zen gardens
- Key maintenance techniques and issues.

Featuring beautiful, full-colour images and a glossary of essential Japanese terms, this book will dramatically transform your understanding of the Japanese garden as a cultural treasure.

In the second part, "Japan's Aesthetic Hermeneutics," they explore the role of aesthetics in shaping discourses on art and nature in Japan. The essays in

the final section of the book, "Japan's Literary Hermeneutics," rethink the notion of "Japanese literature" in light of recent findings on the ideological implications of canon formations and transformations within Japan's prominent literary circles.

This study examines the historical and religious character of the practice as it is described in Dogen's own meditation texts, introducing new materials and original perspectives on one of the most influential spiritual traditions of East Asian civilization. The Soto version of Zen meditation is known as "just sitting," a practice in which, through the cultivation of the subtle state of "nonthinking," the meditator is said to be brought into perfect accord with the higher consciousness of the "Buddha mind" inherent in all beings.
