The rulers of her region, a vampire royal family, have chosen her to be turned as their new heir and vampire princess. In a world fueled by the power of blood, Claire quickly discovers the vampire royal family is not what they seem and that she has secrets in her past, she never knew existed. Indulge: Claire's heart is torn between her first vampire love, Dmitry, and the Blood Mate, Arrick, that she is eternally bonded to with a powerfully deep and emotional connection. A vengeful vampire is haunting her steps, after Claire killed their mate. An ancient evil threatens to rip her world apart. With the danger of war looming on the darkening horizon, will Claire find the strength to fight back and protect those she loves? Even if it means embracing the darkness inside her? Is it worth it to become the evil she fears, in order to destroy it? Devour: You never know how strong you are until something makes you choose between humanity, and the beast. As Claire descended deep into the ancient tomb; laying to rest the bodies of the fallen, she wondered if time healed all wounds, would an eternity be long enough? Still recovering from a brutal attack that nearly killed her, she refused to let evil win. Pain and destruction glared at her everywhere she went. Nothing and no one would ever be safe until Baal was not only defeated, but destroyed. Fueled by her thirst for revenge, she traveled with her father to the 'old world', seeking the aide of a long forgotten ally. Will their quest for help lead to their salvation, or is it only the first step in their annihilation?

A new family has just arrived in the isolated mountain town of Telluride, Colorado. Welcome the Johnstons - Jason (a doctor), Rachel (a designer), and their niece Emily (a current High School Senior). Emily has lived the life of a quiet loner in the past, trying to go unnoticed. But with Telluride being such a small and welcoming town, she finds a group of friends at school almost immediately. When Emily meets Link (another new transplant in town) her world turns upside down. She doesn't understand why she feels a magnetic pull toward him, or why she unknowingly lets her guard down around him. Link is just as confused by his own need to be with her. Emily knows she is playing with fire. She should be doing whatever she can to keep herself isolated, to keep Link from getting too close. Danger has a way of finding Emily's family - that is what keeps them on the move. They arrive in a new town every few years - it is safer that way. Because... Emily isn't really Emily... her real name is Charity - and Charity has an even bigger secret. Charity and her family are not like other people, they have "skills" that mere mortals cannot begin to comprehend. Before long, Charity is struggling with the reality that her two lives are coming closer to each other with each passing day. Soon Link will find himself wrapped in a supernatural world that he never knew existed - and discover that mortals are not the only beings that walk this earth.

The universally acclaimed debut novel. " Extraordinary . . . a spare, futuristic fable about a brand-new mother navigating a flooded world. " —Vogue.com Pre-empted by publishers around the world within days of the 2016 London Book Fair, The End We Start From heralds the arrival of Megan Hunter, a dazzling and unique literary talent. Hunter ' s debut is a searing original, a modern-day parable of rebirth and renewal, of maternal bonds, and the instinct to survive and thrive in the absence of all that ' s familiar. As London is submerged below flood waters, a woman gives birth to her first child, Z. Days later, she and her baby are forced to leave their home in search of safety. They head north through a newly dangerous country seeking refuge from place to place, shelter to shelter, to a desolate island and back again. The story traces fear and wonder, as the baby ' s small fists grasp at the first colors he sees, as he grows and stretches, thriving and content against all the odds. Written with poise and poeticism, The End We Start From is an indelible and elemental first book—a lyrical vision of the strangeness and beauty of new motherhood, and a portentous tale of endurance in the face of ungovernable change. " Strange and powerful, and very apt for these uncertain times. I was moved, terrified, uplifted—sometimes all three at once. It takes skill to manage that, and Hunter has a poet ' s understanding of how to make each word count. " —Tracy Chevalier, New York Times bestselling author of The Girl with a Pearl Earring
