Imagine if you could find a simple, proven, and ethical way to get out of debt, make sound investments, and build substantial wealth for your family and community. In The Biblical Money Code, Sean Hyman describes how to do just that, offering sound wealth-creation strategies surprisingly embedded in this ancient text. Sean Hyman not only reveals some powerful investment secrets used by such tycoons as Warren Buffet and Sir John Templeton, but also those of King Solomon, the Apostle Paul, and even Jesus of Nazareth. By putting these secrets into play, the author was able to go from a pastor's income of \$15K per year, to giving away \$50K per year; he also helped his father turn a \$40K retirement account into \$396K nest egg. Many mis-quote the Bible as telling us, "Money is the root of all evil." But quoting the great book precisely, Timothy 6:10 cautions: "For the love of money that is the root of all kinds of evil." The Biblical Money Code will teach you how to "un-love" money, while emphasizing the fact that it's simply a medium of exchange -- there is nothing inherently bad about it, it's how we go about getting it and how we use it that makes all the difference. The author will demonstrate how to avoid get-rich-quick investments that can snare even the savviest of money-managers, in favor of a simple trick that will allow you to purchase stocks at a 50 percent discount. True wealth is earned over time, and by applying Sean Hyman's risk-mitigation techniques, you'll be well on your way to building the long-term security you've only dreamed of.
