Many consider Enochiana the most powerful and least understood system of Western Occult practice. This book makes it truly accessible and easy to understand. Crowley's work was the launching pad for all that followed. Originally published in 1912, it rent the veil of the Inner Order of the Golden Dawn and revealed its most precious jewel for all to see. And now, for the first time, the reader is provided with instructions that bridge the gap between the material and spiritual worlds by integrating Enochiana with Sex Magick. Mr DuQuette and Dr Hyatt bring over forty years of practical experience in the field to show you how to start using this powerful system right now. It also includes an Enochian dictionary.

She was the last ruler of the Macedonian dynasty of Ptolemies who had ruled Egypt for three centuries. Highly educated (she was the only one of the Ptolemies to read and speak ancient Egyptian as well as the court Greek) and very clever (her famous liaisons with Julius Caesar and Mark Antony were as much to do with politics as the heart), she steered her kingdom through impossibly taxing internal problems and railed against greedy Roman imperialism. Stripping away preconceptions as old as her Roman enemies, Joyce Tyldesley uses all her skills as an Egyptologist to give us this magnificent biography.

Step by step illustrated tutorials are supported by a focused commentary. The examples are designed to proceed from starting to model through model finishing to putting models to work within projects and presentation. The book shows both - the entire flow of asset creation and granular methodology. This book will appeal to anyone interested in 3D modeling who wants to improve their speed modeling ability, particularly artists whose work is relevant to industries where hard surface modeling or model prototyping is required, such as games, films, or visualization.

A reprint of the first Boy Scouts handbook from 1911 covers woodcraft, camping, signs and signaling, first aid, chivalry, and games.

With 18 years under his belt in the game industry, a key contributor to the MotorStorm series, and the creator of the 3ds Max in Minutes video series (at FocalPress.com), Andrew Gahan delivers the expert techniques in 3ds Max Modeling for Games, 2nd edition. This updated editon is packed with new tutorials that will enhance your modeling skills and pump up your portfolio with high-quality work in no time. Along with Anthony O'Donnell and a team of experts, Gahan covers all of the fundamental game modeling techniques, including character and environment modeling, mapping, and texturing. Finally, a bonus section in 3ds Max Modeling for Games offers readers insights and tips on how to get their careers started in the game industry. New, expanded tutorials take readers of all abilities through full character and environment modeling from beginning to end Companion website (3d-for-games.com) offers a robust, supportive forum where readers can get commentary on new work, develop skills and portfolio art, as well as network with other game artists on a variety of projects. Also features project files for all tutorials in the book and enough support images and photos to keep the budding artist busy for months Completely updated gallery allows the reader to build on various models

Designed as an educational and training text, this book provides a clear and easily understandable review of cosmetics and over the counter (OTC) drug-cosmetic products. The text features learning objectives, key concepts, and key terms at the beginning and review questions and glossary of terms at the end of each chapter section. | Overviews functions, product design, formulation and development, and quality control of cosmetic ingredients | Discusses physiological, pharmaceutical, and formulation knowledge of decorative care products | Reviews basic terms and definitions used in the cosmetic industry and provides an overview of the regulatory environment in the US | Includes learning objectives, key concepts, and key terms at the beginning and review questions and glossary of terms at the end of each chapter section | Has PowerPoint slides as ancillaries, downloadable from the book's wiley.com page, for adopting professors

A compilation of key chapters from the top Focal game art books available today - in the areas of Max, Maya, Photoshop, and ZBrush. The chapters provide the CG Artist with an excellent sampling of essential techniques that every 3D artist needs to create stunning game art. Game artists will be able to master the modeling, rendering, rigging, and texturing techniques they need - with advice from Focal's best and brightest authors. Artists can learn hundreds of tips, tricks and shortcuts in Max, Maya, Photoshop, ZBrush - all within the covers of one complete, inspiring reference.

In response to the American administration's attempt to isolate Cuba, Fidel Castro delivered a series of speeches designed to radicalize Latin American society. As Latin America experiences more revolutions in Venezuela and Bolivia, and continues to upset America's plans for neo-liberal imperialism, renowned radical writer and activist Tariq Ali provides a searing analysis of the relevance of Castro's message for today.

What's happening to my body? Is this normal? This fact-filled journal and activity book makes it fun for girls to find answers to their many questions about the physical and emotional changes that accompany puberty. With quizzes, checklists, games, and illustrations throughout, My Body, My Self for Girls also includes journal pages and lots of personal stories addressing girls' concerns, experiences, and feelings during this new stage of their lives.

Reviews the history, geography, and culture of Cuba, describes tourist attractions in each region, and recommends hotels and restaurants.
