"The purpose of this book is to present relevant questions on diagnostic testing that arise in everyday emergency medicine practice and to comment on the best available evidence"--Provided by publisher.

One of the most fascinating, yet probably one of the least understood, topics in the Bible is that of the feasts listed in Leviticus. In a step-by-step examination of each festival, you will learn foundational truths and the prophetic connections to Jesus' first and second comings. This book will give tremendous insight into your personal relationship with God!

Sally Holland and Jonathan Scourfield explain what social work is and the range of cases it deals with. Looking at its history and main debates, as well as the theories and methods of social work, they include a range of case studies from around the world.

What goes on tour stays on tour -- unless you're the first woman roadie in the world At just fifteen, Tana Douglas ran away to the circus that was rock 'n' roll in the 1970s, taking a job with a young and upcoming band called AC/DC. While still a teenager she headed to the UK and later the US to work for a who's who of bands and artists. Life on the road was exhilarating, hard work, occasionally surreal but never dull, particularly when you're the only woman in the road crew and the #metoo movement is still 40 years away. Whether wrangling Iggy Pop across Europe, climbing trusses while seven months pregnant, drinking shots of JD with Bon Scott backstage at Wembley, or donning a tailor-made suit to do lights for Elton at Windsor Castle, Tana did it all. Loud is rock 'n' roll like you've never seen it before, by a woman who not only survived the all-male world on the road but climbed to the top and lived to tell the tale. AC/DC * Deep Purple * ELO * Elton John * Ice Cube * Ice-T * Iggy Pop * INXS * Iron Maiden * Lenny Kravitz * Neil Diamond * Ozzy Osbourne * Patti Smith * Pearl Jam * Rage Against the Machine * Red Hot Chili Peppers * Santana * Status Quo * Suzi Quatro * The Offspring * The Police * The Runaways * The Who * Vanda & Young and more!

All aspects of life, namely physical, psychic and spiritual, carry equal significance. In order to preserve balance in the psychic and spiritual spheres, there must first be balance in the physical realm. However, amidst all the rhetoric and gospels of peace, there are many places in the world where even the basic necessities of life are not available. Prabhat Ranjan Sarkar wants us to shoulder this responsibility of addressing this need through the application of PROUT, so that all the people of the world will have greater opportunities and scope for elevation of the mind and spirit. What is Neo-Humanism? When the underlying spirit of humanism is extended to everything, animate and inanimate, in this universe - I have designated this as Neo-Humanism. This Neo-Humanism will elevate humanism to universalism, the cult of love for all created beings of this universe. Explaining humanity and humanism in a new light will give new inspiration and provide a new interpretation for the very concept of human existence. Neo-Humanism will help people understand that human beings, as the most thoughtful and intelligent beings in this created universe, will have to accept the great responsibility of taking care of the entire universe - will have to accept that the responsibility of the entire universe rests with them. Neo-Humanism will make people understand that they are not merely ordinary beings. This philosophy will liberate them from all inferiority feelings and defects and make them aware of their own importance; it will inspire them to build a new world.
