Chronicles the remarkable friendship between reclusive, unconventional poet Emily Dickinson and Colonel Thomas Wentworth Higginson, a radical abolitionist, reformer and writer, who became responsible for the publication of her poetry after her death. Reprint. A National Book Critics Circle Award Finalist.

A new collection of critical and personal essays on writing, obsession, and inspiration from National Book Award-winning and New York Times bestselling author Joyce Carol Oates. "Why do we write?" With this question, Joyce Carol Oates begins an imaginative exploration of the writing life, and all its attendant anxieties, joys, and futilities, in this collection of seminal essays and criticism. Leading her quest is a desire to understand the source of the writer's inspiration—do subjects haunt those that might bring them back to life until the writer submits? Or does something "happen" to us, a sudden ignition of a burning flame? Can the appearance of a muse-like Other bring about a writer's best work? In *Soul at the White Heat*, Oates deploys her keenest critical faculties, conjuring contemporary and past voices whose work she deftly and creatively dissects for clues to these elusive questions. Virginia Woolf, John Updike, Emily Dickinson, Henry James, J. M. Coetzee, Margaret Atwood, Joan Didion, Zadie Smith, and many others appear as predecessors and peers—material through which Oates sifts in acting as literary detective, philosopher, and student. The book is at its most thrilling when watching the writer herself at work, and Oates provides rare insight into her own process, in candid, self-aware dispatches from the author's own writing room. The New York Times Book Review has raved, "who better than Joyce Carol Oates . . . to explicate the craft of writing?" Longtime admirers of Joyce Carol Oates's novels as well as her prose will discover much to be inspired by and obsess upon themselves in this inventive collection from an American master.

A New York Times Notable Book of 2013 A Kirkus Best Book of 2013 A Bookpage Best Book of 2013 Dazzling in scope, *Ecstatic Nation* illuminates one of the most dramatic and momentous chapters in America's past, when the country dreamed big, craved new lands and new freedom, and was bitterly divided over its great moral wrong: slavery. With a canvas of extraordinary characters, such as P. T. Barnum, Walt Whitman, Frederick Douglass, and L. C. Q. Lamar, *Ecstatic Nation* brilliantly balances cultural and political history: It's a riveting account of the sectional conflict that preceded the Civil War, and it astutely chronicles the complex aftermath of that war and Reconstruction, including the promise that women would share in a new definition of American citizenship. It takes us from photographic surveys of the Sierra Nevadas to the discovery of gold in the South Dakota hills, and it signals the painful, thrilling birth of modern America. An epic tale by award-winning author Brenda Wineapple, *Ecstatic Nation* lyrically and with true originality captures the optimism, the failures, and the tragic exuberance of a renewed Republic.

A comprehensive history of the influential cult band draws on dozens of new interviews and previously undiscovered archive sources, tracing their initial lack of success before they inspired and were championed by such artists as David Bowie. Original.

Winner of the 2013 Shamus Award for Best Indie P.I. Novel! P.I. Duke Rogers finds himself in a combustible situation in this racially charged thriller. His case might have to wait... The immediate problem: getting out of South Central Los Angeles in one piece during the 1992 "Rodney King" riots and that's just the beginning of his problems. Duke finds an old "friend" for a client. The client's "friend," an up and coming African-American actress, ends up dead. Duke knows his client did it. Feeling guilty that he inadvertently helped the killer find the victim, he wants to track down the client/killer. He starts his mission by going to the dead actress' family in South Central L.A.—and while there the "Rodney King" riots ignite. While Duke searches for the killer he must also deal with the racism of his partner, Jack, and from Warren, the murder victim's brother, who is a mirror image of Jack in that department. He must also confront his own possible latent racism—even as he's in an interracial relationship with the dead woman's sister. Praise for *WHITE HEAT*: "...taut crime yarn set in 1992 against the turmoil of the Los Angeles riots that followed the acquittal of the police officers charged with assaulting motorist Rodney King... the author ably evokes the chaos that erupted after the

Rodney King verdict." —Publishers Weekly "White Heat is a riveting read of mystery, much recommended."
—Midwest Book Review "[White Heat] really caught early 90s' LA, in all its sordid glory. And had me turning pages late into the night. I think WH is up there with the best of the LA novels, but has an air of authenticity that many lack." —Woody Haut, journalist, author of Neon Noir: Contemporary American Crime Fiction; Pulp Culture: Hardboiled Fiction & the Cold War; and Heartbreak and Vine: The Fate of Hardboiled Writers in Hollywood "Expect the unexpected...in an action-walloping award-winner of harrowing twists and turns..." —Gordon Hauptfleisch, Seattle Post Intelligencer and BlogCritics.org "A gripping tale of prejudice and deceit, set against the tumultuous backdrop of the 1992 L.A. riots. White Heat is all the title promises it to be." —Darrell James, award-winning author of Nazareth Child and Sonora Crossing "Written in a staccato, noir style as intense as the 1992 LA riots, White Heat is a stunning debut novel. It grabs you with the intensity of the riots and keeps the anxiety and tension pushing full-throttle right up to the bittersweet ending. White Heat is a hard-hitting, noir detective thriller that also deals with tough issues like racism, the 'diversity' of racism, and the human condition." —Andrew McAleer, bestselling author of 101 Habits of Highly Successful Novelists and Fatal Deeds

Independent bush pilot Lyndie Anderson finds a routine job turning into explosive passion when she is hired to fly gorgeous fireman Griffin Moore into a raging wildfire in Copper Canyon. Original.

"An exciting, intriguing read."—First for Women Magazine The bodies of seven women have been discovered in Skull Valley, Arizona. Jonah Young, a private security operative from Department 6, has been hired by the Yavapai County sheriff to assist in solving these murders. But Jonah's not prepared for the complications that arise when he's forced to work with a woman from his past, private investigator Francesca Moretti. Jonah betrayed Francesca ten years ago. She hasn't forgiven him and she's pretty sure she never will. But the woman she was hired to find has been murdered in exactly the same way as the seven in Skull Valley, so, Francesca has to work with Jonah. They quickly zero in on the most likely suspect—but questions remain. Questions they have to answer. Because if they bet on the wrong man, it might be the last thing they ever do... Originally published in 2010

Paying special attention to her experience of faith, Lundin relates Dickinson's life -- as it can be charted through her poems and letters -- to nineteenth-century American political, social, religious, and intellectual history. --From publisher description.

Handsome, reserved, almost frighteningly aloof until he was approached, then playful, cordial, Nathaniel Hawthorne was as mercurial and double-edged as his writing. "Deep as Dante," Herman Melville said. Hawthorne himself declared that he was not "one of those supremely hospitable people who serve up their own hearts, delicately fried, with brain sauce, as a tidbit" for the public. Yet those who knew him best often took the opposite position. "He always puts himself in his books," said his sister-in-law Mary Mann, "he cannot help it." His life, like his work, was extraordinary, a play of light and shadow. In this major new biography of Hawthorne, the first in more than a decade, Brenda Wineapple, acclaimed biographer of Janet Flanner and Gertrude and Leo Stein ("Luminous"—Richard Howard), brings him brilliantly alive: an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community (or his attraction to it) in caustic satire; the confidant of Franklin Pierce, fourteenth president of the United States and arguably one of its worst; friend to Emerson and Thoreau and Melville who, unlike them, made fun of Abraham Lincoln and who, also unlike them, wrote compellingly of women, deeply identifying with them—he was the first major American writer to create erotic female characters. Those vibrant, independent women continue to haunt the imagination, although Hawthorne often punishes, humiliates, or kills them, as if exorcising that which enthralls. Here is the man rooted in Salem, Massachusetts, of an old pre-Revolutionary family, reared partly in the wilds of western Maine, then schooled along with Longfellow at Bowdoin College. Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships, including with Margaret Fuller, the notorious feminist writer and intellectual. Here too is Hawthorne at the end of his days, revered as a genius, but considered as well to be an embarrassing puzzle by the Boston intelligentsia, isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time. Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne's fascinating life and work with clarity, nuance, and insight. The novels and tales, the incidental writings, travel notes and children's books, letters and diaries reverberate in this biography, which both charts and protects the dark unknowable core that is quintessentially Hawthorne. In him, the quest of his generation for an authentically American voice bears disquieting fruit.
