For billions of people, having a religious belief system provides purpose in life. For some, religion serves as a guide for moral behavior. Today's world is one in which our understanding of world religions is both understatedly important, as well as increasingly complex. After many years exploring the foundations of various world religions, Jason Boyett has written this comprehensive, easy-to-understand exploration of the twelve major world religions through a meticulous, yet unbiased lens. 12 Major World Religions offers an impartial look at where each of these belief systems intersects, how they differ, and why some have been—or are currently—misunderstood.

A History of the World's Religions bridges the interval between the founding of religions and their present state, and gives students an accurate look at the religions of the world by including descriptive and interpretive details from original source materials. Refined by over forty years of dialogue and correspondence with religious experts and practitioners around the world, A History of the World's Religions is widely regarded as the hallmark of scholarship, fairness, and accuracy in its field. It is also the most thorough yet manageable history of world religion available in a single volume. A History of the World's Religions examines the following topics: Some Primal and Bygone Religions The Religions of South Asia The Religions of East Asia The Religions of the Middle East This fourteenth edition is fully updated throughout with new images and inset text boxes to help guide students and instructors. Complete with figures, timelines and maps, this is an ideal resource for anyone wanting an accessible and comprehensive introduction to the world's religions.

Grand in its sweep, this survey of the sacred writings of the major religions of the world offers a thoughtful introduction to the ideas and beliefs upon which great faiths are built. Under the expert guidance of John Bowker, a religious scholar and author of international stature, readers explore the key texts of Jewish, Christian, Muslim, Hindu, Jain, Sikh, Buddhist, Parsi, Confucian, Daoist, and Shinto traditions. The author discusses some 400 books, among them such well-known sacred texts as the Bible and the Quran, but also spiritual writings by theologians, philosophers, poets, and others. Bowker provides clear and illuminating commentary on each text, describing the content and core tenets of the work and quoting pertinent passages. He also sets the writings in religious and historical contexts, showing how they have influenced—and in many cases continue to influence—artistic, musical, literary,
